***Rodeo Concessions Bid** The one bid received for the Rodeo Concessions was from the Delta Cheerleaders. They ran the concessions stands last year and did a good job.

They are to clean up garbage all around the arena after the rodeo each night. Their bid asked for the Town to furnish a garbage trailer but the Mayor said that they needed to haul off the garbage each night so there would not be any animals getting into it. They said they still wanted to submit the bid without the trailer.

Justin Rowlette moved to accept the Rodeo Concessions Bid from the Delta High School Cheerleaders for \$1301.00. Motion seconded by Holly Joseph, all voting Aye.

***State Grant/Loan application for Sewer Lift Station Improvement Project** Chris Palmer said that if the amount of monies needed for the project was under the \$250,000 limit; then the Division of Water Quality would give the Town a grant for the sewer project and the Town would not have to worry about a loan.

There will be two bids put in the paper one for the contractor and one for the engineering both need to state designs.

Daniel Hawley, Jones & DeMille Engineering was present to discuss his preliminary option of probable cost of Construction and Engineering designs and Legal professional Services.

The Council discussed the monies needed before the Grant could be received and the cost of the designs needed by the contractors.

Chris Palmer made a motion to have the Town pay for the design costs when accrued. Motion seconded by Brian Florang. Individual voting was held and Mayor Brown and Councilpersons; Palmer, Joseph, Florang & Rowlette, all voted Aye.

These bids will be put in the paper tomorrow so that action on these bids can start soon.

***Well Treatment Plan Relief Operator** Councilman Florang told the Council that Ray Searle would monthly bill the Town for his back-up services work. There will be a contract made and signed by Mr. Searle. The Council needs to decide if Mr. Searle would be a full time back-up for all of the Maintenance Worker's needs in the Town and not just for the water back-up.

Brian Florang made a motion to have the Town pay Ray Searle \$100.00 for each 24 hour period back up service he does. He can bill us four (4) 24 hour back-up services periods a month. Motion seconded by Chris Palmer. Individual voting was held and Mayor Brown and Councilpersons; Palmer, Joseph, Florang & Rowlette, all voted Aye.
